About reAssure

What is reAssure?

reAssure is a leading health screening range, created by HCA Healthcare UK.

Each reAssure health screen is led by an experienced GP and can be tailored to your personal health needs. Your screen will focus on key health issues, from optimising fitness to cancer and cardiovascular disease. You can also tailor your screen to include age specific and male or female-specific tests, as well as choose detailed genetic tests and ongoing lifestyle coaching sessions.

of patients said they were likely to make lifestyle changes following the advice given in their health screen in 2021*.

*Taken from a sample of 2,382 HCA UK patients

Why choose reAssure?

- You can choose from four comprehensive levels of health screen to suit your needs.
- If further medical support is needed from a specialist consultant, we can refer you quickly to the most appropriate person.

of patients would recommend HCA UK to their friends and family.

Proud to be the leading private healthcare provider for CQC outstanding ratings

- You will be provided with your own personalised screening report.
- Your report will contain expert advice on lifestyle and practical tips for how to improve your long-term health.

*Hospitals inspected as of 31 August 2017

Why should I get screened?

Health and wellbeing is really important to us all. With reAssure you will have a snapshot of your health, which will allow you to make positive decisions and more informed lifestyle choices.

Together with your experienced screening doctor, you can discuss personal concerns and health risk factors in detail at your appointment.

You can add bespoke tests to your health screen with Advanced screening. To find out more, ask your screening doctor, who will be happy to provide further information.

Which health screen should I choose?

Level I	Level II	Level III	Level IV
 <p>Includes 33 tests and a full physical examination.</p>	 <p>Includes 39 tests, a full physical examination and an assessment of key health indicators.</p>	 <p>Includes 43 tests, a full physical examination and an assessment of your key health indicators and hereditary health risks.</p>	 <p>Includes 45 tests, a full physical examination, genetic testing and a lifestyle coaching package.</p>
 <p>Minimum of 30 minutes with a GP.</p>	 <p>Minimum of 45 minutes with a GP.</p>	 <p>Minimum of 60 minutes with a GP.</p>	 <p>Minimum of 60 minutes with a GP.</p>
